John E. Dempsey Meets a Tragic Death at a St. Paul Fire.

St. Paul, Dec. 27.—John E. Dempsey, publisher of The Record and long a well known figure in St. Paul, died as a result of a fall from a fourth story window of the Washburn building on Fifth street. The body, crushed and bleeding, was taken to St. Joseph's hospital, but though life remained the shock was too great and he died three hours later.

Dempsey's fall was most tragic and followed an alarm of fire from an incipient blaze on the second floor of the building, in which he had an office. Crazed with fear at the dense smoke that poured into his room he attempted to cross from the Washburn building to the adjoining building, using a wooden sign as a bridge. He had made half the journey in safety when to the horror of those below the sign broke, his hands clutching wildly at the air as he fell. Witnesses closed their eyes in horror at the sight. The body struck the ground in the narrow passageway to the east of the building, 60 feet below.

BRITISH CAMP RUSHED

GENERAL DEWET MAKES A SUCCESSFUL ATTACK ON COLONEL FORMAN.

HEAVY CASUALTIES FEARED

The Disaster, Especially the Loss of Two Guns, Creates a Disturbing Impression in London—May Now Successfully Attack the Blockhouses. Two Regiments of Light Horse Pursuing the Boers.

London, Dec. 27.—The following dispatch has been received from Lord Kitchener, dated Johannesburg:

"General Rundle reports that the night of Dec. 24 Colonel Forman's command at Zefontaine, consisting of three companies of yeomanry and two guns, was successfully rushed by a strong command under Dewet. It is feared that the casualties were heavy. Two regiments of light horse are pursuing the Boers."

Boer resistance has always been very strong in that part of the Orange River Colony which was the scene of General Dewet's Christmas coup. A great quadrangle of blockhouses is being built there, the four points of which are Vereenigen, Volksrust, Harismith and Kroonstadt. At the southeast coast of this quadrangle is an open space from Bethlehem to Lindley, where the square of blockhouses is still incomplete, and here Dewet made his attack. Colonel Forman's force probably amounted to 400 men, and the disaster, especially the loss of the guns, the possession of which may enable Dewet to successfully attack the blockhouses, creates a disturbing impression.

GOVERNOR ROGERS DEAD.

Washington's Chief Executive a Victim of Pneumonia.

Olympia, Wash., Dec. 27.—Governor John R. Rogers died at 8 o'clock p. m. Governor John R. Rogers was taken sick Friday evening with a cold which developed into pneumonia. On Sunday his condition was such as to alarm his friends, but on Monday afternoon the governor was much better and it was thought the danger had been passed. A consultation of physicians was held and it developed the fact that the patient was progressing as well as could be expected.

Tuesday it was announced that the governor was suffering from lobar pneumonia. The disease was then located in the middle lobe of the right lung. It was impossible to say until Wednesday was passed whether the disease would spread. Favorable symptoms continued, but early Thursday the governor was suddenly taken worse and gradually sank until the end came. Governor Rogers was a native of Maine and was born in 1838.

NO WAR DECLARED YET.

Venezuela and Colombia Still Engaged in Recrimination.

Colon, Colombia, Dec. 27.—Newspapers just received here from coast towns in Colombia and Venezuela have much to say about the present status of the Venezuelan-Colombian imbroglio. The gist of these various newspaper articles is each republic is still recriminating the other for permitting the mustering of arms, troops, ammunition, etc., and the actual invasion of the other's territory in alleged violation of the laws governing the relations of friendly nations. These newspapers contain no news of a declaration of war by either Colombia or Venezuela. They set forth that the policy of Colombia is one of readiness to meet any emergency, hence she will make continued efforts to increase the number of her troops now on the Venezuelan frontier.

Deed of an Intoxicated Man.

Breenburg, Pa., Dec. 27.—While intoxicated, John Anderson, a well known veteran of the Civil war, stabbed his son, Charles, aged 18 years, three times, the knife penetrating the lungs and fatally wounding the young man. The aged wife was also cut on the hands by the infuriated husband. Anderson is in jail awaiting the result of his son's injuries.

BELIEVES IT HIS DUTY.

Mr. Cleveland Accepts a Place on Labor-Capital Committee.

New York, Dec. 27.—Former President Grover Cleveland has accepted appointment to the industrial department of the National Civic Federation, created at the recent peace conference of labor and capitalistic leaders. His letter of acceptance, in which he approves the plan of industrial peace, was delivered to Oscar Strauss, who was chairman of the conference, during the day. It reads as follows:

"Your letter of the 18th inst. is at hand. Illness has confined me to my room for almost five weeks and I am now hardly able to sit up and write this.

"My desire for the quiet and comfort of absolute retirement from public or semi-public service is very strong, and grows stronger as the days pass. I should without hesitation yield to this and decline your request that I accept a place among those who are to seek the promotion of industrial peace by friendly intervention in troubles between employers and the employed. If I were not afraid that I should thereby disregard an important duty. My reflections have made it clear to me that I should accept the place assigned to me and go so with an earnest wish that those selected to actively represent the purposes and motives of your conference may not labor in vain."

Mr. Strauss said in giving the letter to the public that every man named on the general committee had signified acceptance of the trust and work.

BELMONT AND CROKER QUARREL

Latter Threatens to Sue the Tammany Chief for Libel.

New York, Dec. 27.—The factional disagreement among the Democrats of the Seventh congressional district over the nomination of a candidate for the seat in congress made vacant by the resignation of Nicholas Muller reached the election bureau during the day. The friends of Joseph O'Grady, represented by Asa Bird Gardiner, filed protests against the nominations of Perry Belmont and John E. Bunnell. The main objections set forth were of a technical nature and questioned the legality of the nominating conventions. An incident of the contest is a personal quarrel between Richard Croker and Perry Belmont and the latter has threatened to sue the Tammany leader for libel.

The Greater New York Democracy in convention unanimously nominated Perry Belmont as its candidate for the Seventh congressional district.

Mr. Belmont has filed objections with the board of elections to the certificate of nomination filed by O'Grady. The objections are that Belmont is the nominee of the regular convention and that O'Grady is not, in that the convention which nominated O'Grady was not legally called. Argument will be heard on the objections Saturday.

CONSTITUTION APPROVED.

New Organic Law of Methodist Church Receives Required Majority.

Chicago, Dec. 27.—Announcement was made here during the day that the new constitution of the Methodist Episcopal church, which was adopted at the last general conference of that denomination held at the Auditorium in 1900 and referred to the various conferences throughout the country, has finally been approved by the three-quarters vote required. The vote is as follows: Ayes, 8,916; nays, 2,513.

The element which opposed the new organic law of the church because it provided for the admission of women as delegates to the general conference made war on the new constitution all along the line, but met with defeat. One hundred and twenty-one annual conferences voted on the question, a total of 10,709 ballots being cast by delegates. The principal changes provided for by the new constitution are: It gives women the right to sit as delegates in the general conference. It gives laymen's electoral meetings authority to vote on constitutional questions. It changes the vote necessary in the general conference to amend the constitution from three-fourths to two-thirds.

A Year's Railroad Building.

Chicago, Dec. 27.—Figures prepared by The Railroad Age show that railroad building in the United States in 1901 has been greater than it has been for 11 years previous, the total approximating 5,656 miles of line. In 1899 the total was 5,670 and in 1900 was 4,427 miles. The construction for the year, added to the total mileage previously received, brings the total mileage of the country to approximately 139,379 miles.

C. E. SEELYE RELEASED.

President Roosevelt Pardons—He and Another Young Man Charged With Setting Forest Fires.

Charles E. Seelye and Harry Sherer, the two United States prisoners in the county jail of Ramsey county, were released about 8 o'clock Wednesday evening on the strength of a telegraphic communication from Attorney General Knox announcing that President Roosevelt had pardoned the two men. They said that they would start for Grand Rapids, Minn., on the first train. Seelye and Sherer were sentenced to be imprisoned for eight months for setting forest fires two years ago. The evidence against them was supplied wholly by Indians, who are believed to have perjured themselves in order to send him to jail. They have served a little over half their terms.

"I shall leave for my home at Grand Rapids and in a few days I shall go to Washington, and there I shall make it my business to show by the records that Mercer should be court-martialed and his companions dealt with according to law," said Seelye.

Mr. Seelye says that during the first year of Land Commissioner Herman's administration only dead and down timber was cut. Then the lumbermen secured a ruling that markers should designate the timber to be cut. He says that every lumber camp had a marker employed by the contractor and an immense amount of green timber was cut for the reason that one inspector could not watch 150 men at work upon a large area.

Another source of fraud was the sale of 40-acre tracts. A forty might have 500,000 feet of timber upon it. Half of this would be dead, and the result would be that the lumbermen paid for 250,000 feet and received a present of a similar amount of dead and down.

When the land was cut over it was sold by the lumbermen often for more than they paid for the timber alone.

"The lumbermen" says Mr. Seelye, "object to the cutting of dead and down because the proceeds go to the Indian fund, whereas if they purchase stumpage and are presented with the dead and down timber they are enabled to make a good profit."

Mr. Seelye claims that Indian Agent Mercer has allowed timber to be cut on allotted lands, the individual property of the Indians, to whom allotments have been made, thus working an injustice to the actual owner of the property.

"Zim" Makes a Record.

J. H. Zimmerman, well known in this city, has just established a record for himself according to the following dispatch:

"Joe Zimmerman, of Fargo, is said to have broken the world's record for quick work in piano tuning, raising a piano half tone in sixteen-and-a-half minutes. Zimmerman holds the Pacific coast record, in nineteen minutes, with another in Montana of the same time. The performance was duly witnessed and attested and the piano pronounced in excellent time by competent musicians."

AGREE ON ARBITRATION

DELEGATIONS TO PAN-AMERICAN CONFERENCE GETTING TOGETHER.

PROBABLY BE UNANIMOUS

Basis of the Understanding is The Hague Convention—Some of the Representatives Are Designing Among Themselves a Scheme of Compulsory Arbitration—Will Be Binding Only on Those Signing It.

Mexico City, Dec. 27.—A substantial agreement on the subject of arbitration was practically reached during the day by the several delegations to the Pan-American conference. Contrary to what had been anticipated, it is almost sure that the agreement is unanimous, including even Argentina, which country, it was thought, would refuse to sign any but a compulsory scheme of arbitration. The basis of agreement is simply The Hague convention. All the nations represented at the conference in Mexico will become parties to The Hague convention. They might join it independently, but as the United States and Mexico are already members of The Hague convention it has been concluded that they shall have the honor of introducing the other nations. In addition, the nations to the conference other than the United States, Chile, Colombia, Ecuador, Nicaragua and perhaps one or two others, will design among themselves a scheme of compulsory arbitration, but still accepting The Hague tribunal and The Hague procedure. This compulsory plan, however, will have effect only among the signatory nations and will not have the official sanction of the Pan-American conference. A sentiment is growing up in favor of fixing Jan. 5 as the definite date for the closing of the conference.

ROOSEVELT IS DELIGHTED.

Sends a Telegram to His New Secretary of the Treasury.

Des Moines, Dec. 27.—Governor Shaw has received the following message from President Roosevelt, the first he has received direct from the president regarding his appointment: "I am delighted that you have consented to accept portfolio of secretary of treasury. Have written."

Pending the receipt of President Roosevelt's letter the governor has made no plans. He anticipates, however, that he will be called to Washington, and if so will go at the pleasure of the president.

"I have no plans," said the governor, "except that I assume that I shall fill out my almost completed term as executive. The inauguration of my successor will occur Jan. 16."

The governor is in receipt of hundreds of congratulatory telegrams and letters based on the press announcement from Washington that he has been determined upon for secretary of the treasury.

TOO ILL TO UNDERSTAND.

Admiral Sampson's Mental Condition Is Beyond Recovery.

Urbana, Ills., Dec. 27.—John B. Weeks of Champaign, a personal friend of Rear Admiral Sampson, has received a letter from Mrs. Sampson in which she says that the mental condition of the admiral is beyond recovery. The letter was written in reply to a note expressing sympathy with the rear admiral in the personal annoyances he has suffered in the controversy with Rear Admiral Schley. The letter follows:

"My Dear Mr. Weeks—Admiral Sampson is too ill to understand your most kind letter, just received, but if he were well he would wish to thank you for it, he cares so much for all 'old times' and for anything that concerns Palmyra. My dear husband is quite worn out with a long life of concentrated duty. Physically he is comfortable and happy, but the brain is tired beyond ever being rested."

WITH HIS ENTIRE FORCE.

War Office Advised of the Surrender of the Rebel Chief Samson.

Washington, Dec. 27.—The war department has been advised by cable from Manila of the surrender of the rebel chief, Samson, at Matasaron, with all his officers and men, 23 cannon and 45 rifles. Matasaron does not appear on any of the maps in the possession of the department, but it is assumed the surrender took place on the island of Bohol, as it was there that Samson has of late been operating with his followers, having crossed over from the former scene of his depredations, the island of Cebu.

ALL WRONG.

The Mistake Is Made By Many Brainerd Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine that relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Brainerd resident tells you how this can be done.

Mr. J. Hagadorn, of 123 Ninth St. north says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not sleep during the night nor work during the day. On many occasions I could not stand and talk to a man two or three minutes without suffering with twinges across the small of my back, which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks commenced to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills.

When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by other preparations. In twenty-four hours I changed my mind. I noticed they were acting different to anything hitherto tried, and encouraged I kept on with the treatment until two boxes. Now, I may have recurrences but at the present moment, and it is sometime since I stopped the treatment, I have not had a symptom of my old complaint. To anyone interested I will be only too pleased to give minutest details and substantiate the above statement in a personal interview."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

STATE CAN ACT.

Opinion of Washington's Attorney General on the Railway Merger.

Olympia, Wash., Dec. 24.—Attorney General Stratton has handed down a 7-page opinion on the Northern Securities company. The situation is briefly summed up in the closing paragraph as follows:

"I am of the opinion, from an examination of the authorities, that without further legislative enactment the state, through its attorney general, may maintain proceedings in the court to protect its people against trusts and monopolies and unlawful combinations, either under the constitutional provisions prohibiting them, or under the common law. While the law is thus clear the facts which I have been able to gather are so few and the real transactions so little known that it is not possible for me to say at this time whether the facts exist upon which a suit could be successfully maintained by the state."

His Nightgown Caught Fire.

Dodge Center, Minn., Dec. 17.—Early Saturday morning Dr. J. A. Garver of this city went to the fireplace in his house to replenish the fire. He was attired in his night clothes and in brushing against the fire, the skirt of the gown ignited and quickly blazed up. Before aid could reach him he was terribly burned and died later in great pain.

HUMAN SKELETON FOUND IN WOODS.

Jack Gilmer Jr. Runs Across One
in the Crooked Lake Country
Yesterday Afternoon.

FLESH WAS ENTIRELY DECAYED.

Man Supposed to be Logger who
Left City Last Spring
for that Country.

Jack Gilmer, Jr the logging contractor, came in from the Crooked Lake country yesterday afternoon and he related last night in harrowing detail the sight which greeted his eyes while he was walking through the forest in the vicinity of Lorentz lake. He stumbled over a pile of leaves and it felt as though he had hit upon some hard substance. He turned to look and a human skeleton lay sprawling on the ground.

Mr. Gilmer examined further and found that the flesh had all decayed from the bones and the general indications were that the body had been lying there for sometime.

He came to the city and notified the coroner at once and it is expected that the skeleton will be brought to this city.

At the office of Bonness & Howe in this city, where the story was related, it is thought that the skeleton is none other than that of a man who worked for them on a drive in that vicinity last year. He was a half-breed and was known among loggers and lumbermen as "Skip." He left the city early last spring for the Crooked lake country to work on a drive which Fred Howe was looking after. He never reached his destination and it was thought at the time that he wandered away in the forests and was lost. A search for the man was made but after three days of wandering through the woods the searching party gave up.

Previous to going into the country "Skip" had been on a terrible spree and when he left the city he was in a horrible state of intoxication.

TELEGRAPHED FOR IT.

A Little Falls Man Worked to a Turn by a
Chicago Woman Who Answered
His Ad.

The following dispatch appears in the papers dated New York which will be of interest:

Light has appeared on the mysterious disappearance from Chicago of Miss Jessie Allen, of Jersey City.

The police and postoffice authorities of Jersey City believe that Miss Allen is the name used by a person whom they charge made use of the postoffice to swindle men who have been looking for wives through newspaper advertisements and the mails. Chief Murphy has letters from men in the west who have been corresponding with Miss Allen. One letter received by the chief last evening is from J. H. Stumpff, of Little Falls, Minn.

Mr. Stumpff wrote that in August last he put an advertisement in the Chicago Pilot, that he would "like to correspond with some lady with the intention, if all would come around right, to get married." Soon afterwards he received a letter from Jessie Allen in Jersey City, stating that she had seen his advertisement in the Chicago Pilot and liked his description very much. Miss Allen wrote she was very poor, and Stumpff sent her \$52. She got as far west as Chicago and wrote from there that she had been robbed, or had lost her money and ticket and all she had. Miss Allen then wanted money for her transportation to Minnesota. Mr. Stumpff then decided he had been swindled.

Chief Murphy says that Stumpff has been defrauded by a couple who have been carrying on a systematic swindle through matrimonial advertisements.

GOMEZ MAKES THREATS.

Will Get Even With His Enemies
When the Republic Is Formed.

Havana, Dec. 27.—General Bartolome Maso, candidate of the Democratic party for the presidency of Cuba, left here during the morning for his home at Manzanillo. He has given up the campaign.

A Havana newspaper quotes General Maso as threatening to have Civil Governor Racio of Puerto Principe province expelled from office when he returns to Havana for having permitted demonstrations against Gomez in the course of his political tour of that province. The same paper says that General Gomez has threatened to "string up" a few others when the Cuban republic is formed.

STEEL CRANE FELL.

Three Men Killed and Four Injured
in a Chicago Bridge Works.

Chicago, Dec. 27.—Three men were instantly killed and four injured by the falling of a steel crane at the American bridge works. The killed are John Swan, John Traver and Albert Rock. Thirty men were working in the vicinity of the crane at the time of the accident and many of these had narrow escapes. Swan, Traver and Rock were caught beneath the huge mass of steel and each was crushed so badly as to be almost unrecognizable. The crane was guaranteed to hold 30 tons, but was carrying only 20 tons at the time of its collapse. No cause is assigned for the accident, except a possible flaw on one of the chains supporting the crane.

Four Drowned While Skating.

Bridgewater, N. S., Dec. 27.—Four boys who went skating on La Have river broke through the ice and were drowned together. They were Perry and Merrill Hnadenhauser, brothers, 14 and 12 years old; Curry Hubley, aged 12, whose birthday anniversary it was, and George Bachman, aged 10.

KNAPP IS HELD TO THE GRAND JURY.

An Object Lesson For Young Men
Who Entice Young Girls to
Wrong Doing.

ONE PRISONER WAS DISCHARGED.

Judge Mantor Fixes Bail in Knapp's
Case at \$1500—It was
Not Furnished.

This morning the case of the state against J. A. Knapp and William Kenneth was taken up in the municipal court before Judge Mantor. This is the case wherein the boys are charged with criminal knowledge of a child, which in other words means rape in a mild form.

This morning the time was consumed in the taking of evidence on the part on the state and the young girl, Ressie Proudly, who is a party to the action was on the stand a considerable portion of the time. She told on the stand the story of her having been taken to a hotel and how she had been treated after she was in the room with the young man Knapp. The details of her experience as related by the young lady are not fit for publication, and on account of the girl's youth it is a rather sad case.

Judge Alderman appeared on behalf of the state in the matter and Judge Fleming on behalf of the defendants.

This afternoon the case was resumed again. The arguments of both attorneys were submitted and the court rendered his decision immediately. Knapp was held to the grand jury but Kenneth was released it having been shown on the testimony that he had had no criminal relations with the young girl.

MUSIC AND DRAMA.

"QUO VADIS."

The wonderful success attending the production of "Quo Vadis" has made it a strong feature of the present dramatic season. The book, of which the play is a dramatization, has been so extensively read and so favorably spoken of by the critics and the pulpit, that everyone is anxious to see it in dramatic form, for this reason it appeals not only to the regular theatre-going element, but also to that great class of people who but rarely visit the play house. The story of the play is both instructive and elevating, expressing the loftiest of sentiments and showing the sufferings of the early Christians, depicts a thrilling story of life and love. Its action admits of its elaborate scenic surroundings but the success of the play in a manner depends on stagecraft and a beautiful story well told. The stage version of the romance opens in the house of Petronius and the action begins with Vinicius confessing his love for Lygia, the ward and supposed daughter of Aulus Plautius. Lygia is in reality a hostage of the state and on this pretext is seized by Nero's Pretorian guard at the suggestion of the Emperor's favorite, Petronius, uncle of Vinicius. Taken to the royal palace she escapes through the agency of Ursus, her giant protector, but is pursued by Vinicius, who in the course of his adventures falls among the Christians and meets Peter the Apostle. Lygia is a Christian and Vinicius moved by his experiences among the martyrs adopts their religion.

The play ends with the victory of Ursus over the wild bull in the arena.

"Quo Vadis" will be presented at the Brainerd opera house Jan. 1, afternoon and evening.

CHASE-LISTER COMPANY.

The productions being presented by the Chase-Lister company are improving every night and the presentation last night at the Brainerd opera house of "Wicked London" was a signalized success, the large audience which gathered being evidently well pleased with the efforts of the company. The members of the cast of the Chase-Lister company are different than members of similar organizations, in that they adhere to the truest proprieties of the stage. Their parts are all well taken and the costuming is particularly well adapted in the various pieces so far presented.

If the size of the audience last night was a criterion then Brainerd theatre-goers certainly appreciate the efforts of the company. The size of the audience increases nightly. "Wicked London" was the piece last night. The play is chuck full of good things and the parts are all well taken.

Tonight the company will present that universal favorite, "Monte Cristo." For this production the company carries a complete and expensive set of special scenery and a gorgeous array of costumes, all of which are necessary for the successful production of this great drama. Few repertoire companies in the west are capable of doing this piece justice, but none need doubt the ability of the Chase-Lister company in this direction.

Seats on sale at Dunn's drug store.

SATURDAY MATINEE.

Special attention is called to the Saturday matinee. The performance will commence at 2:30 o'clock and the piece to be presented is "East Lynn." This has been seen often but the great old production will never lose any of its interest, and especially as put on by the Chase-Lister company. The price for the matinee will be 10 and 25 cents.

Our new Kimball Piano rooms will be in the same office as the Singer Sewing Machine Co., on Seventh street. Our new stock will arrive in a few days. New Kimball pianos, \$10 monthly. The Big Store.

CHRISTMAS HAS GONE.

And with it has gone the last Push and Crush of 1901.

The next four days will be quiet ones at the store, principally taken up with cleaning this and packing that and selling off some holiday stuffs at half price and less, to clear the way for special sales in January. All goods of any holiday nature whatever, now remaining in the store can be bought at a great sacrifice. We would be glad to close out every cent's worth that we have left over from Christmas trade, and will be willing to take any kind of a loss. If you have forgotten some friend, or would like some luxury for yourself, you can buy it here for the next four days at much less than the manufacturers first cost. After this week all holiday goods remaining in the store will be packed away and calculations will be begun for some special sales that will be the most interesting in the town of Brainerd. Remember you have just four days in which to buy holiday stuffs at the littlest prices.

Please Accept Our Thanks.

STORM PLAYS HAVOC

**SLEET AND SNOW INTERFERES
WITH RAILWAY AND TELE-
GRAPH SERVICE.**

WIND BLOWS A HURRICANE

Storm is General From Montana to the Pacific Coast—Severe Blizzard in the Intermountain Region. Freight Conductor in Idaho Blown From the Top of His Train While Crossing a Trestle and Killed.

Salt Lake, Utah, Dec. 27.—Sleet and snow storms, accompanied by wind, which at some points almost reached the velocity of a hurricane, have played havoc with train and telegraph service from the Northwest. In the mountains west of Missoula, Mon., the snow and sleet was blinding. The storm is still raging in the mountains. All trains are more or less delayed, while telegraph service is completely prostrated. Spokane, Wash., so far as telegraphic service is concerned, is completely cut off from the outside world. At Butte, Mon., the storm came from the west out of a clear sky, the snow, driven by a fierce wind, being so thick that it was impossible to see across the street. The storm apparently extends clear through to the coast. Seattle, Tacoma and other points report terrific wind and marine disasters are feared. The storm appears to be gradually working south. High winds are reported from Utah points and every indication points to a severe blizzard in the intermountain region.

BLOWN OFF A TRESTLE.

Conductor of a Freight Train a Victim of the Storm in Idaho.
Missoula, Mon., Dec. 27.—Conductor Charles King was killed just across the line in Idaho. Conductor King, who had charge of a freight train, was blown from his train by the fierce storm raging while trying to reach the caboose. King had been helping a brakeman and had started to the rear of the train when the disaster occurred. King's mangled body was found at the bottom of a deep gorge, having been blown from the train while almost in the center of a trestle. From Fort Benton come reports of the worst storm known in years. Big windows of the courthouse were blown in and other minor damage was done.

Worst Storm of the Winter.

Astoria, Or., Dec. 27.—The worst storm of the winter prevailed along the coast, doing much damage to property. During the night two of the three barges used by the contractors at the Sylvia Degraffe reef broke from their moorings and were driven against the railroad trestle in East Astoria. One of the barges was completely destroyed and the other was badly damaged. The railroad track was also damaged. During the day shipping was tied up.

CAUSED MANY DEATHS.

Negro Janitor at St. Louis Issued the Serum That Produced Tetanus.
St. Louis, Dec. 27.—Before the tetanus court of inquiry Henry R. Taylor, janitor for the chemical and bacteriological divisions of the health department, admitted under oath that he issued for public use the toxic antidiphtheritic serum which caused the recent deaths of several children from tetanus. He distributed the vials, properly labeled, he stated, because the supply of diphtheria anti-toxin had become exhausted early in October and he did not believe the serum was "bad enough to kill children."

CAUSED BY THE FOG.

Passenger Train Cuts Through a Freight at Hartwell, O.
Cincinnati, Dec. 27.—Unable to see the flagman's signal on account of the fog the engineer of the southbound Chicago express on the Cincinnati, Hamilton and Dayton road was unable to stop his train at Hartwell until it had struck a freight crossing the track and demolished three freight cars. Four passengers and two trainmen on the express were injured. The wrecking train on the way to Hartwell met with an accident, killing Patrick McCoy and fatally injuring William Nipper and Louis Tenbrink. The chain of the crane broke and struck these three men while the train was in motion.

Alger's Recovery Practically Certain.

Detroit, Dec. 27.—Dr. Howard W. Longyear, one of the attending surgeons on General R. A. Alger, said that the critical period in the general's illness had passed and that his recovery was practically certain so far as he could determine at present. "He has been taking some nourishment in the form of broth and has passed a very comfortable day," said Dr. Longyear.

Colombia's Financial Condition.

Washington, Dec. 27.—Mail advices received at the Colombian legation speak of the deplorable financial condition of the country resulting from the strain of the rebellion. Paper money has depreciated so that \$45 in paper money is equivalent to only \$1 in gold.

NORTHWESTERN TEACHERS.

Annual Meetings Being Held in Several States.

Milwaukee, Dec. 27.—The 49th annual convention of the Wisconsin Teachers' association opened a three days' meeting at the Davidson theater during the day. In addition to the general sessions various section meetings will be held. The feature of the opening session was the annual address of President W. H. Cheever, in which he called attention to several matters that immediately concerned the welfare of the association. Among other things President Cheever spoke against the money question being the most prominent with many teachers, though he said proper remuneration should be given.

Subjects relating to the deaf and dumb and blind were treated by C. F. Cary and A. J. Hutton respectively, while C. O. Marice discussed "The Boy Who Goes Wrong."

Des Moines, Dec. 27.—The 41th annual session of the Iowa State Teachers' association opened during the evening with a session of the educational council. Nearly 1000 teachers were in attendance. The convention lasts over Sunday, an experiment which is being tried this year because a mid-week Christmas made it impossible to have the sessions begin on Tuesday. As in the past, the chief work of the convention will be the recommendation to the Twenty-ninth general assembly of laws on the question of "Examinations—school, college, entrance and final."

St. Paul, Dec. 27.—The State Teachers' association opened its annual meeting in St. Paul during the morning. The general association met at the Central Presbyterian church. There were no sectional meetings held. The county superintendents went in a body to spend the day at the state agricultural farm, the guests of Dean W. M. Liggett.

RACE TROUBLES IN ALABAMA.

Fatal Fight Between White Men and Negroes at Childersburg.

Birmingham, Ala., Dec. 27.—In a general fight between whited men and negroes at Childersburg a white man and his son were killed, while a white boy and one negro were wounded. The negroes are now in jail at Talladega. The trouble grew out of a crap game, the negroes having quarreled over the winnings. Tom Holley shot at one of the party, when J. Bird, a white man, came up and advised the negroes to stop fighting. Holley, becoming angered at the interference, fired on Bird, mortally wounding him. Bird's two sons rushed to his side and one of them shot the negro Holley, inflicting a fatal wound. By this time the negroes were firing on both the boys and they began to seek shelter. Reuben Bird went to his father, who was dying, and was ordered by George Woods, a negro, to run. The boy begged to remain by his father, but on failure to move was shot dead. Charles Woods, father of George Woods, then shot the elder Bird again. George Bird was shot in the legs while escaping. A large crowd of whites quickly gathered, and, surrounding the negroes, captured them all and took them to Talladega. For a while it seemed as if a race riot would result, but the quick action of conservative citizens prevented an outbreak.

WIRELESS TELEGRAPHY.

Navy Department Takes Initial Steps Towards Its Adoption.

Washington, Dec. 27.—The navy department has taken the initial steps toward the adoption of wireless telegraphy as a means of signalling between warships at sea. To this end Admiral Bradford of the bureau of equipment has asked that the armored cruisers of the Pennsylvania class have their masts and rigging so arranged that the wireless system can be introduced. This will necessitate the lengthening of the masts of the ships and the insulation of the metal rigging by the use of hemp covering for halyards. It is intended to get test sets of instruments of the various wireless systems now being operated. These include the Marconi system. Thus far, however, the navy department has not adopted definitely any system, but the construction of the new masts is regarded as a preliminary to the adoption of a system whenever its practicability is established fully. The British navy already has a number of its ships equipped with the wireless system, but this is the first move on the part of the American navy to make use of a wireless plan.

MACLAY'S APPEAL FAILS.

Civil Service Commission Decides Adversely in His Case.

Washington, Dec. 27.—The civil service commission has notified Edgar S. MacLay, the historian recently employed in the Brooklyn navy yard, that his removal from his position at that point was not in violation of the civil service act. This notification is contained in a letter written to Mr. MacLay by President Proctor of the commission and is in reply to an inquiry from him.

Ground to Death by an Engine.

St. Louis, Dec. 27.—John W. Taylor, chief engineer of the Terminal Railroad association, and William Austin Kent, whose home is in Louisville, were ground to death beneath the wheels of a Washburn switch engine in North St. Louis, after jumping panicked from a swiftly moving gasoline motor car, which threatened to collide with the switch engine at a street crossing.

Shortening the Main Line.

Portland, Or., Dec. 27.—The Northern Pacific railway is preparing to shorten its main line in this state by 88 miles by building the Lind-Ellensburg cutoff across Yakima valley. The cutoff will be 110 miles long and will save a wide detour to the south which the main line now takes from Lind to North Yakima and thence north to Ellensburg. The work will cost about \$1,000,000.

PUBLIC IS WARNED.

Statement Issued by the McKinley Memorial Association.

Cleveland, Dec. 27.—The McKinley Memorial association, with headquarters in this city, has had its attention called to so many enterprises of a commercial nature tending to make capital out of the sentiments of public affection for the late William McKinley that the following statement has been issued by Judge William R. Day, ex-secretary of state and president of the association:

"The public is especially cautioned against any enterprise attempting to make capital out of the sentiments of the affection which inspired the desire to rear at the grave of our late president a memorial which shall fittingly honor his memory. It is the desire of the trustees that all contributions shall be the free will offering of the people and they respectfully request the public to discourage all propositions which may seem to have as their object the obtaining of money by giving all or part of the proceeds to the memorial fund. The public is hereby notified that the McKinley National Memorial association has no connection with, or relation to, any other association or to any enterprise of a commercial nature."

INNOCENT MAN LYNCHED.

Thirteen Men Now in Jail Charged With the Crime.

Nashville, Tenn., Dec. 27.—Sheriff Odom of DeKalb county has arrived here with Milton Hughes, whom he arrested in the Indian Territory, charged with murder. Several months ago Charles Davis, an innocent man, was lynched for an alleged assault upon Miss Kate Hughes, daughter of Milton Hughes. Facts developed after the lynching showed the assault story to be false. Thirteen of the lynchers are now in jail here under indictment of murder.

FOR GARRISON DUTY.

Lord Kitchener Says 60,000 Men Must Be Used.

Liverpool, Dec. 27.—The Post says Kitchener has informed the war office that preparations must be made to keep an army of 60,000 men in South Africa for an indefinite period after peace has been established and that a draft should be sent out to be used as a nucleus for this garrison duty army.

To Attend Edward's Coronation.

Rome, Dec. 27.—It has been decided to send the pontifical mission to the coronation of King Edward. This mission will be organized on lines similar to the one which attended the Victorian jubilee. The head of the mission has not yet been chosen.
